How to drive up referrals in Virtual Wards/Hospital@Home

What went well in today's Session?

Hearing about different approaches

Interesting data and a good range of speakers. Good opportunity to ask questions.

Being able to share best practice.

Great to have lots of examples of different ways to tackle the same challenges

Knowing the different experiences other regions have had, and how they can be incorporated in other places.

Reflecting on how far we have come!

It's clear there is Lots of opportunity still to be had

Sharing experiences. Hearing about new dashboard.

What went well in today's Session?

to network further - sharing ideas of different approaches

Having the opportunity to highlight what's going on @at the frontdoor

Session on workforce

Community prescribing / pharmacy issues
(I know there is a T&F group set up)

Community prescribing / pharmacy issues

What do you think could have been done differently?

Lots of learning but where was the lunch??

one hour is good to fit around workload.
great to have virtual at minus 4

It worked well and an hour was enough to cover the points, I think any more may have impacted on patient care.

Would be good to hear about staff mix
