

# EVOLUTION

# Curious about LIMS?

Want to know how Evolution will work and be a part of the future of pathology in Cheshire and Merseyside?

## We need your help:

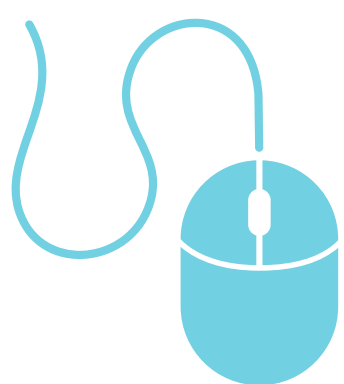

- Developing strategies to underpin the LIMS implementation
- Interfacing and testing analysers and middleware applications
- Working on harmonising catalogues across multiple disciplines

These are all needed for the DCWs as part of the LIMS design stage.

## Join a Clinical Design Group:

- Cell Path
- Micro
- Blood Transfusion
- Blood Sciences
