Your Request:

I would like to request information regarding funding for adult ADHD services in Liverpool. Specifically, I would like to know how much money has been spent by Liverpool CCG (or the Liverpool area of the Cheshire and Merseyside ICB) in the last financial year on adult ADHD care, including assessments, review appointments, prescription charges and shared care reviews.

Our Response:

During the last financial year (2021/22) the former NHS Liverpool CCG's total spend on adult ADHD services was £1,378,875.
